One Sponsorship = \$500

## Preschool Play

Preschool focuses on developing social skills, fine motor skills, gross motor skills, letter recognition, number recognition, problem solving skills, and cognition. The list of items below

are used for a hands-on, engaging approach to this development.

Melissa & Doug Fold and Go Wooden Barn with Animal Play Figures, Farm Animals Portable Toys, Kids Ocean Animals Toys, Sea Animals Toys for Kids, Sea Creatures

Toys Set for Kids with PlayMat,

Antarctica Penguin Figurines, Hedgehog Block Tiles Toy Building Block, Stacking Interlock Teeth Toys, Construction Sensory Gifts, STEM Learning Bristle Playset Educational Kit, and more.

### Preschool (1-1)

## Kindergarten4 Creative Fun

Your sponsorship will allow our K4 children the opportunity to experience new, creative materials within the classroom. Imagination is an important skill to build, as it allows creativity and hands-on experiences for optimal learning. Your generous donation will allow the children to explore, build tactile, sensory, social, and critical thinking skills.

**CONSTRUCTIVE  
PLAYTHINGS**

### Kindergarten4 (1-2)

**Activity Table & Seating**

The addition of an activity table and chairs to the K5 classroom would enhance the way we instruct lessons and group activities. A kidney shaped activity table would allow us to engage with small groups of students more effectively, promoting inclusivity and active participation. Additionally, it will help us gather students with similar needs and goals and allow us to provide feedback and guided practice.

**Kindergarten5 (2-1)**

**Author Visit**

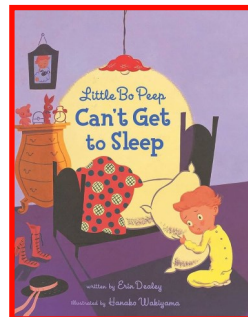

Coco the Chameleon by Stefanie Annis is a wonderful picture book that encourages kids to celebrate their individuality. It encourages kids to love themselves for who they are. The author sends a powerful message and inspires confidence within the reader. The author will lead a classroom discussion along with classroom interactions.

**First Grade (2-2)**

**Writing Fractured Fairy Tales**

This author visit will help our second graders to explore reading and writing their very own fairy tale. They will meet the characters in Little Bo Peep Can't Get To Sleep and use that example and others to brainstorm ideas, and write a beginning, middle, and end to their own fairy tale.

**Second Grade (2-3)**

**Support the Academic Decathlon Team!**

Decathletes are provided a binder with study material and their subject books to prepare for the competition. Additionally, decathletes receive aids to annotate like flags, highlighters and sticky notes. ACT funds would help purchase books, binders and study materials for the decathlon team.

**SPONSORED**

**Academic Decathlon (7-1)**

**Sports Hydration Station**

Help keep our athletes hydrated. The sponsorships will be used to purchase a hydration cart along with two five gallon coolers.

*Two Sponsorship Opportunities*

**Sports (7-2)**

**Flex-Space Table for Extended Care**

Provide an inviting place for students to work on activities with a low-to-the-ground table and cozy chairs that are perfect during homework time and indoor activities in Extended Care.

**Extended Care (7-3)**

**A Place to Sit, A Place to Play**

Sponsor Extended Care with a learning activity carpet and wobble cushions. This will be a designated area for students to learn, play, and interact together.

*Two Sponsorship Opportunities*

**Extended Care (7-4)**

### STEM Family Night

Our STEM Family Night is fun for the whole family! It includes hands-on STEM activities for all! Creativity, critical thinking, communication, and collaboration are the 21st century skills you will see in action during this exciting evening! With your support, we will be able to purchase materials for the activities such as straw rockets, catapults, and more!

*Two Sponsorship Opportunities*

**STEM (6-1)**

### Christmas Show

Our annual Christmas Show brings the community together to celebrate the joy of the Christ-child while enjoying the beautiful music of our students. The gift of your sponsorship would help offset lighting, sound, recording, and costume costs.

*Five Sponsorship Opportunities*

**Christmas Show (6-2)**

### Spring Show

Our Spring Show is nothing short of amazing! Your generous support will help provide props and costumes, as well as support video recording for the show. This is a great opportunity to help us bring the show to life!

*Five Sponsorship Opportunities*

**Spring Show (6-3)**

### Journey to the Past - Basket Weaving

After learning about Native American culture and daily life in the classroom, this experience will allow students to act like a California Native American from the past. Students will create their own baskets using Native American basket weaving techniques.

**Third Grade (3-1)**

### Gold Rush Adventure

This field trip to Riley's Farm gives our Fourth Grade students hands on experience to see what life was like for a Forty-Niner. A charter bus will aid in the comfort of the students, teachers and chaperones as we travel the long distance to Yucaipa. Additionally, this added luxury makes this long awaited field trip all the more memorable.

*Four Sponsorship Opportunities*

**Fourth Grade (3-2)**

### A Place to Sit, A Place to Read

Five comfortable and durable beanbag chairs with back support will be purchased to encourage student productivity. These bean bag chairs will give students an opportunity to spend time in a comfortable area during reading or other work times and to take a break from their desks. Having multiple options for work areas is conducive to a productive work environment.

**Fifth Grade (3-3)**

### Comfy Reading Area

This sponsorship would help to create a comfy reading area in the sixth grade classroom. A comfortable couch and a matching rug will be purchased.

Students will be given opportunities to take a break, practice refocusing, or be rewarded when utilizing the comfy reading area in the classroom.

#### Sixth Grade (4-1)

### Let's Gogh to the Getty

Our seventh grade students will have the opportunity to enrich their learning experience by taking an air-conditioned bus to an immersive visit to the Getty Center. A trained docent will facilitate engaging explorations of artwork using student-centered learning strategies. They will see a variety of styles from great artists such as Van Gogh, Monet, Rembrandt, and more! They will enjoy lunch outside near the gorgeous gardens and learn about the materials of this magnificent location.

*Two Sponsorships Opportunities*

#### Seventh Grade Art (4-2)

### Explore STEM in the Great Outdoors

Support students' hands-on, immersive learning through the Environmental Nature Center in Newport Beach. Designed to meet NGSS standards, students will explore science careers and conduct field research while participating in outdoor activities and experiments.

*Two Sponsorships Opportunities*

#### Fourth through Sixth Grade Science (4-3)

### Columbia Memorial Space Center

Support our 8th Grade leaders' growth in teamwork and STEM. The Columbia Memorial Space Center in Downey offers a hands-on, interactive exploration of science, technology, engineering, and mathematics through their Mission to Mars program. Students work together to incorporate the academic and teamwork skills they've developed through their years at St. Cecilia in a fun, engaging atmosphere that helps them look toward the future.

*Two Sponsorship Opportunities*

#### Eighth Grade (5-1)

### Camp Pali Sweatshirts

Keep the 6th and 8th graders warm and stylish by sponsoring a Camp Pali sweatshirt for them to wear during leadership and science camp in November.

*Two Sponsorship Opportunities*

#### Sixth and Eighth (5-2)

### A Blooming Space for Budding Artists

We would like to furnish the art studio with stools and give some of our work and cleaning stations a refresh. Upgrading the seating to stools in the art room will provide flexibility and will give our young artists the free mobility they need for their creative pursuits. No-tip water pots for painting ensure a safe and clean work area. Adding a Zogics cleaning wipe dispenser will give our students more time to create in a healthy and fresh environment. A well-equipped studio gives everyone a chance to focus on their beautiful masterpieces.

#### K5 through Eight Grade Art (5-3)
